Reasons why “Ecommerce” is “Changing the Game”

There’s more Ecommerce shopping (65% of Uline is ordered through the web).

- Free Shipping – not only for B to C
- Emphasis on Final Mile
- Small shipments are adding demand in the LTL space
- Technology to price better and provide more visibility.
- Dimensional pricing – not only in Parcel.
- Growing Economy and the effect on Carrier capacity
- Driver Shortages – Finally a real issue
- “The Amazon Effect”
