- Cargo Incident Research for TSA SLT

Third Party Canine-Cargo Program

The purpose of this program is to provide regulated entities the option to screen air cargo for unauthorized explosives, incendiaries, IEDs, or other destructive substances with Certified Canine Teams.

How Did We Get Here?

❑ TSA and Industry Collaboration

- 2 year collaboration between Industry, TSA Compliance, Threat Assessment Division, Global Strategies, Chief Counsel and Training and Development

❑ TSA Modernization Act

- Requires TSA to develop and issue certification standards for the use of Third Party Explosives Detection Canine Teams for screening of air cargo

❑ TSA Administrator's Intent

- Establish alternative analysis and contingency plans for third party canine, mail screening, and other potential new requirements
